

Paralympics Revival in Duderstadt

We very much regret having to call off the Paralympics Revival originally scheduled for 28th July 2001.

As a partner of the Paralympic Games in autumn, last year, Otto Bock Healthcare were heavily involved in the games, ensuring that every possible goal was reached. More than 70 technicians and organizers were sent to the games.

We provided three big container workshops and 8 satellites which were open to the athletes, their attendants and the officials day and night.

Moreover, we carried out more than 2000 maintenance and repair jobs and had to handle a lot of media and public relations work.

All these activities have exhausted our budget.

We will have to refocus our activities in 2001 so that we can meet the requirements of disabled people worldwide and live up to our motto „Quality for Life“.

Unfortunately, there is no margin left to carry out this sports event in 2001.
